

JR. HIGH MINISTRIES

Updated August 1, 2011

Small Group Leaders

• Men and women (young and old, single and married) are needed to co-lead a small group of 6 - 10 students with another adult leader. This involves facilitating small group discussions and lessons, building relationships with students and their families — plus having a whole lot of fun! Leaders need to be available every Tuesday night and at least one Friday night a month.

Games & Friday Night Events

• Leaders are needed to help plan and execute games and activities on Tuesday nights. We also need leaders for our Friday night events (twice a month) to have fun and build relationships with students.

Technical Support

• If running the sound board / Power Point is what you enjoy – then we would also enjoy using these gifts to support the youth worship bands on Tuesday nights.

Stew Crew

• This is an opportunity to encourage the youth ministry volunteer staff that are breathing the life of Christ into the students in our community. You can do this by cooking for them on Tuesday nights. There is nothing better than sitting down together, eating a good meal, and sharing life with your fellow volunteers. This is a great way to build community and you can be a huge part of that by helping in this cooking ministry.

1-On-1 Mentoring

• Men and women are needed as 1-on-1 mentors for students who need a bit more support in their lives. Times and days are flexible.

Prayer Support

• Do you have a desire to pray for and intercede on behalf of our Jr. High students, families, leaders and Youth Pastors? Please let us know as we build our prayer base and send out monthly prayer requests.
